***Enviro Detectives Moira Mud and Louis Loam investigate soil***

There is lots to explore and to find out. How are soils formed? What do we need soils for? How much is there? Are all soils alike or are there different kinds? Is soil dead or is there any life in it? And if there is, what does live in soils? What happens when soils come in contact with rainwater? What about erosion, what about acid soils? These and many other questions need to be examined. It's hands-on learning for our young detectives before they figure out that soils are not just dirt!

And to top it all off, seed balls are made, to be placed either in the wild or gardens where our detectives can observe which native plants will sprout.

**Who:** Primary school age

**Where:** CWCN Centre, 47 Hepworth St, Chapel Hill (UBD 178 A11)

**When:** 9:30am-12:00pm

**Fee:** \$15.00 (\$10.00 for members)

**Tuesday, 10th July 2018**

***Map and Compass Challenge***

Another new CWCN holiday activity for the outdoors and for active kids. What better way to explore our local area but through an activity similar to orienteering and with an environmental twist.

Our young participants learn how to understand and read maps and how to navigate. And while finding the way to their given destination via control points, their knowledge and understanding of the surrounding environment is enhanced. There may well be tasks on the way. Who will master the course without problems?

We'll take into account that different age groups require different degrees of difficulty.

It'll be a morning full of fun!

**Who:** Primary school age

**Where:** Starting Point: CWCN Centre, 47 Hepworth St, Chapel Hill (UBD 178 A11)

**When:** 9:30am—12:00pm

**Fee:** \$15 per child (\$10 for CWCN members)

**Thursday, 12<sup>th</sup> July 2018**

***Who is calling in the dark?***

We'll have a wonderful time! Wrap yourself up. We'll go on a walk in the dark and listen to the calls of native animals. You'll be amazed how many critters live in your neighbourhood and become active at night. How many can you recognise by their calls?

Our walk is followed by sitting around the fire, drinking hot soup to warm us up, listening and telling stories, and - of course - there will be marshmallows roasted over the fire.

Bring your mum and dad or your grandparents. Don't forget your torches. Warm clothes needed and closed shoes.

**Who:** Prep to primary school age

**Where:** CWCN Centre, 47 Hepworth St, Chapel Hill (UBD 178 A11)

**When:** 5:00pm—7:30pm

**Fee:** \$15 per child (\$10 for CWCN members)  
A gold coin donation from the participating (grand)parents would be appreciated.

Our weather is always a little unpredictable. We trust that it'll be fine, but a little shower won't deter us when it comes to orienteering. In case of doubt, bring along a small simple rain poncho. Should rain leave us no other choice when we intend to listen to calls of native fauna, we'll change the format and make it an exciting event with the same topic and fun at the CWCN Centre.

All activities require booking. Kindly send your registration form to Cubberla– Witton Catchments Network Inc, PO Box 5200, Kenmore Qld 4069 or email the form to [cwcnmail@tpg.com.au](mailto:cwcnmail@tpg.com.au). We prefer electronic payment together with the booking and before the activity starts. Book in early. Keep in mind that our school holiday programs are very popular and tend to fill up fast. If you have any questions, ring Jutta on 0407 583 441.
